Boise Public Library

September 30, 2009

Currently the Library offers a wide selection of WMA format e-audiobook titles, which are also compatible with iPods. However, these titles can only be downloaded to a Windows® based computer, not a Mac.

Beginning October 1, 2009 Boise Public Library will offer a limited number of MP3 format e-audiobooks. These titles can be downloaded to either a Mac or Windows® computer and transferred to a wide range of portable devices.

We will continue to add to both collections of WMA and MP3 titles.
