April 30, 2018

Kevin Booe
Library Director
Boise Public Library
715 South Capitol Blvd.
Boise, ID 83702

Dear Mr. Booe:

We would like to thank you for the opportunity on April 26th, to meet with your staff, to tour your library, and discuss the Federal depository operation and services. We hope our training on FDLP resources was of use for your reference staff.

We appreciate your support for the library’s continuing service as a Federal depository library. As a member of the Federal Depository Library Program, your library plays a prominent role in providing U.S. Government information to the public. Researchers know they may locate government information and expertise at your library, a valuable public service. GPO is grateful to partner with you in the historic mission of Keeping America Informed.

Once again, thank you for the opportunity to visit and meet your library staff. If you have any questions or if we can be of assistance, please feel free to contact either of us by phone at 202-512-1119 or email at jhays@gpo.gov or adahlen@gpo.gov.

You are also welcome to contact Library Services and Content Management’s Office of Outreach and Support. Outreach Librarians there provide direct support to libraries about depository operations and are available to assist you with depository management or other questions. We all have a shared phone number, 202-512-1119, and a shared email address, FDLPOutreach@gpo.gov.

Sincerely,

[Signature]

JAIME HAYS
Outreach Librarian
